

## **CARE STANDARDS TRIBUNAL.**

### **Self Assessment form**

1. The CST has adopted the JSB Competence Framework for Chairmen and members of Tribunals. This document is contained as an appendix to the members' handbook.
2. In order to evaluate our performance against the Competence Framework, it has been decided that all Chairmen and Members should be encouraged to complete a self assessment questionnaire at the end of each hearing they are involved in. These questionnaires should be sent to the President after completion.
3. The President will then talk to each Chairman and member at a convenient time during a twelve month period to discuss the contents of the self assessment forms and to discuss any issues that may arise out of them.
4. Please return the form to the President within ten days of the decision being agreed by the Tribunal.
